The accompanying notes are an integral part of this financial statement.

JOHN N. SEIP & CO., INC.

NOTES TO FINANCIAL STATEMENT

1. ORGANIZATION AND NATURE OF BUSINESS:

John N. Seip & Co., Inc. (the "Company") is a broker-dealer registered with the Securities and Exchange Commission and is a member of the New York Stock Exchange. The Company principally engages in executing transaction orders on the floor of the New York Stock Exchange on behalf of its clients.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Securities Transactions:

Securities transactions and related commission revenue and expenses are recorded on a settlement date basis. The recording of securities transactions on a trade date basis was considered, and the difference was deemed immaterial.

Cash Equivalents:

The Company considers all money market accounts and all highly liquid debt instruments purchased with an original maturity of three months or less to be cash equivalents.

Use of Estimates:

The preparation of financial statements in accordance with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Income Taxes:

The Company has elected to be treated as an S Corporation under the applicable provisions of the Internal Revenue Code. Accordingly, the Company itself is not subject to federal income tax. The stockholder is required to report separately his distributive share of the Company's income or loss to federal tax authorities. In addition, the Company has elected S Corporation status for New York State tax purposes and, accordingly, the Company pays New York State income tax at the minimum rate. New York City, however, does not recognize S Corporation status, and the Company is, therefore, taxed at regular corporation tax rates.

The Company uses the asset and liability method to calculate deferred tax assets and liabilities. Deferred taxes are recognized based on the differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases using enacted tax rates expected to apply to taxable income in the years in which those differences are expected to be recovered or settled.

Deferred taxes are recorded to reflect the tax effect of the temporary differences arising as a result of the Company's utilizing the cash basis of accounting for income tax reporting purposes rather than the accrual basis of accounting used for financial reporting purposes.

3. RECEIVABLE FROM BROKER, DEALER AND CLEARING ORGANIZATION:

Receivable from broker, dealer and clearing organization arises as a result of the Company's normal securities transactions.

4. SEAT LEASE:

The Company leases two seats on the New York Stock Exchange. The lease payments, which are guaranteed by the Company, are as follows:

<u>Expiration Date</u>	<u>Annual Lease Payments</u>
December 29, 2006	\$ 60,000
December 31, 2006	60,000

5. INCOME TAXES:

Deferred taxes are a result of temporary differences arising primarily from commissions receivable, prepaid expenses and accrued expenses and other payables. The deferred taxes are as follows:

Deferred tax asset	\$ 1,900
Deferred tax liability	<u>(3,800)</u>
Net deferred taxes	<u>\$ (1,900)</u>

6. CLEARANCE AGREEMENT:

The Company operates principally under a clearance agreement with another broker, whereby such broker assumes and maintains the Company's customer accounts. As part of this agreement, the Company will be required to maintain cash or securities of not less than \$100,000. This deposit is included with the receivable from broker, dealer and clearing organization.

7. NET CAPITAL REQUIREMENTS:

The Company is subject to the uniform net capital requirements of rule 15c3-1 of the Securities and Exchange Commission, as amended, which requires a broker-dealer to have, at all times, sufficient liquid assets to cover current indebtedness. In accordance with the rule, the broker-dealer is required to maintain defined minimum net capital of the greater of \$5,000 or 1/15 of aggregate indebtedness. At no time may the ratio of aggregate indebtedness to net capital exceed 15 to 1.

At December 31, 2005, the Company had net capital, as defined, of \$639,141, which was \$621,109 in excess of its required net capital of \$18,032. At December 31, 2005, the Company had aggregate indebtedness of \$270,479. The ratio of aggregate indebtedness to net capital was .42 to 1.

8. OFF-BALANCE-SHEET RISK:

The Company, as an introducing broker, clears all transactions with and for customers on a fully disclosed basis with the clearing broker, who carries all of the accounts of such customers. The Company does not maintain margin accounts for its customers; therefore, there were no excess margin securities. However, the Company may be liable for chargebacks on introduced customer accounts carried by the clearing broker. In addition, the Company may be exposed to off-balance-sheet risk in the event the clearing broker is unable to fulfill its contractual obligations.

The Company has cash at a bank in excess of FDIC insured limits and is exposed to the credit risk resulting from this concentration. At December 31, 2005, this credit risk amounted to \$522,776.

9. PROFIT SHARING PLAN:

The Company sponsors a defined contribution profit sharing plan. The plan covers substantially all of the Company's employees following the completion of one year of service. The plan is funded through a separate trust account. The contribution to the plan is determined annually by management and is at the Company's discretion. Participants become vested as follows:

<u>Years of Service</u>	<u>Percent Vested</u>
2	20%
3	40%
4	60%
5	80%
6	100%

10. FINDERS FEE:

During 2004, the Company received a finders fee for services rendered in connection with a private placement. In addition, the Company also received warrants to purchase shares of common stock at various exercise prices that range from \$1.54 per share to \$1.86 per share. The warrants expire at various times through December 31, 2007. The warrants had been recorded on the books at fair value, which was determined by management to be zero. The warrants were distributed to the shareholder in 2005.

11. NYSE MERGER:

On December 8, 2005, the NYSE-Archipelago merger was approved by the NYSE members and Archipelago shareholders. As a result of the merger the Company will be required to obtain a trading license issued by the exchange to effect transactions on the floor of the exchange or through any facility thereof. Only qualified and approved member organizations may acquire and hold a trading license. The licenses will be effective for the period from the close of the merger through the end of calendar year 2006. Upon the effective date of the merger all NYSE Seat leases will be terminated. As of the report date, the merger is pending approval by the SEC.

The Company's Statement of Financial Condition as of December 31, 2005 is available for examination at the office of the Company and at the Regional Office of the Securities and Exchange Commission.

INDEPENDENT AUDITORS' REPORT

To the Members of
John N. Seip & Co., Inc.

We have audited the accompanying statement of financial condition of John N. Seip & Co., Inc., (the "Company") as of December 31, 2005, that you are filing pursuant to rule 17a-5 under the Securities Exchange Act of 1934. This financial statement is the responsibility of the Company's management. Our responsibility is to express an opinion on this financial statement based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statement. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statement referred to above presents fairly, in all material respects, the financial position of John N. Seip & Co., Inc. as of December 31, 2005, in conformity with accounting principles generally accepted in the United States of America.
